

The 4th international meeting under the TURCVET Project ([2013-1-TR1-LEO 04-479732](https://www.turcvet.com)) took place in Jesi (IT) on 15-16 Apr. The project is being implemented under the Lifelong Learning Program. For more information please visit: <http://www.turcvet.com>

The project results achieved and the conclusions after the local surveys on ECVT awareness have been discussed. An international workshop to be held in May in Romania has been planned. Learners, training staff, NGO and educational authority representatives will participate in the workshop.
